

## HOW TO BUY GREEN LAB SUPPLIES FROM eBUY

- 1) Access the Lab's eBuy program.
- 2) Select **Government Scientific Sources (GSS)**.

GSS is our small business, veteran-owned supplier that handles all scientific lab-supply needs. They team up with large corporations like VWR, Bio-Rad, Sigma Alrich, Millipore, Invitrogen and Qiagen (to name a few) to deliver scientific laboratory supplies, equipment, safety products, chemicals and reagents. GSS also provides photonic science equipment and supplies, industrial tools and supplies, and safety products and supplies through connections to Thorlabs and MSC Industrial Supply websites.

### Welcome to Berkeley Lab eBuy

Use eBuy to directly order items from a merchant's catalog. Click on the Merchant below that has what you want, then shop for items on their web site.

## HOW TO BUY GREEN LAB SUPPLIES FROM eBUY

3) Choose from our dedicated green laboratory suppliers.

- Major **Eco-Friendly** laboratory supplier partners:

4) Choose a supplier for easy access to green products.

The screenshot shows the Berkeley Lab eBuy website interface. On the left is a 'Catalogs' sidebar with links to various suppliers: Government Scientific Source, VWR, SIGMA-ALDRICH (circled in red), invitrogen, MILLIPORE, QIAGEN, eurofins mwj/operon, IDT, and BIO-RAD. The main content area features a 'Welcome Punchout Partner' message for Berkeley Lab, followed by 'eBuy Users Reference Guides' including VWR, Sigma, and GSS guides. A prominent promotional banner for RAININ Pipetting 360° is displayed, advertising a 'SEQUESTER SWASHING PIPETTE SALE' with discounts of up to 48% on pipettes, 53% on tips, and 68% on tubes. The banner also includes a 'CLICK HERE FOR PRICE LIST!' link and a 'RAININ USA' logo. At the bottom, there is a note about the offer's validity through September 30, 2013, and a request to contact 'lbnorders@govscl.com' for items not found in the catalog.
